

This is the tale of
one Miss Susan,
smoking cigarette,
coffee drinking
teacher by day ...

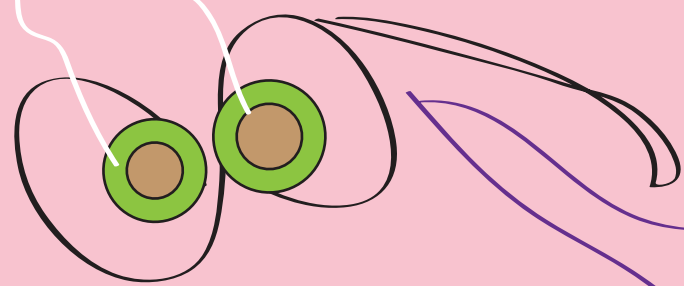

Her students know
Juliet even better
than she knew Romeo.

She even teaches
her friends
everything they know.
And we mean
EVERYTHING.

She can even
take a needle
to the nose.

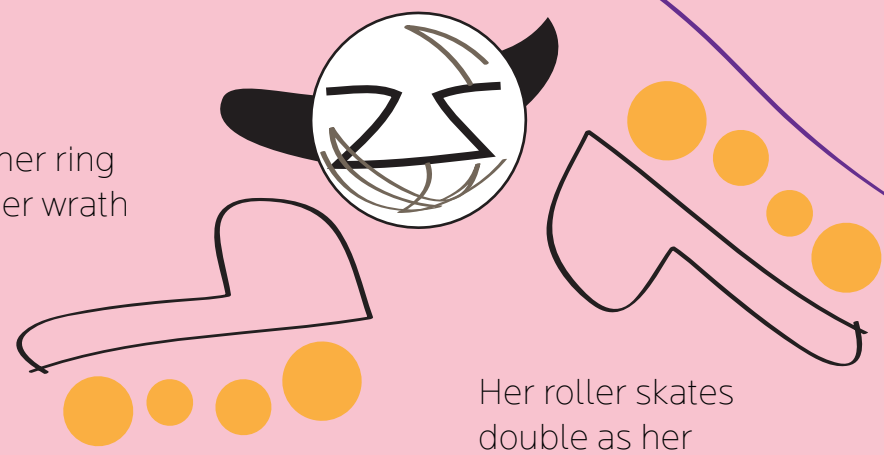

Until out comes
Zonic Soooooosie,
the smoking hot,
roller-skating
super hero by night.

Her ex-ray vision
prevents men
from telling
the ultimate lie

She has an entire team
of other superheroes
on her speed dial

With the switch of her ring
all better beware her wrath

Her roller skates
double as her
getaway driver
